Declaramos que la **Serie 820** es un subgrupo de válvulas de mariposa de la familia **Desponia**, en las que se limita el rango de configuraciones posibles a la hora de elegir los materiales de discos y de anillos de asiento, siendo parte de la serie **Desponia** todas estas configuraciones.

Por esta razón, todas las certificaciones que tenga la familia de válvulas de mariposa tipo **Desponia** son igualmente aplicables a la **serie 820**, ya que es una sub-familia que forma parte de ella

*We declare that the **820 Series** is a subgroup of butterfly valves from the **Desponia** family, in which the range of possible configurations is limited when selecting disc and seat ring materials, with all these configurations being part of the **Desponia** series.*

*For this reason, all certifications that apply to the **Desponia** butterfly valve family are equally applicable to the **820 Series**, as it is a sub-family that forms part of it.*
